Congressional or Serial set

NOTE.—At the end of each session of Congress the House and Senate documents and reports are accumulated into bound volumes comprising the Congressional or Serial set. The contents of the bound volumes of the Congressional or Serial set are not listed in the Monthly catalogs. The House and Senate documents and reports are arranged in check-list order as published each month under House of Representatives and Senate.

The following bound volumes of the Congressional or Serial set were sent to depository libraries during the period covered by this catalog.

- 24904 House documents—
nos. 491-781, with exceptions, Miscellaneous, 80th Congress, 2d session.
• Item 260

- 24905 Senate reports—
no. 607, 81st Congress, 2d session. • Item 260
nos. 936-1150, Miscellaneous vol. 2, 80th Congress, 2d session. • Item 311

Topographic quadrangle maps.

Note.—The Geological Survey makes contoured maps—three-dimension topographic maps which are designed eventually to cover the whole United States and Alaska. The individual maps are projected to represent quadrangle areas rather than political divisions, each map is designated by the name of some prominent town or natural feature within that area.

About half of the continental area of the country, excluding Alaska, has been mapped, every State being represented. Connecticut, Delaware, the District of Columbia, Hawaii, Maryland, Massachusetts, New Hampshire, New York, Ohio, Puerto Rico, Rhode Island, and West Virginia are completely mapped. Index maps showing topographic maps published for each State are available without cost on request to The Director, Geological Survey. Except as otherwise indicated, a discount of 20 percent is allowed on an order for maps, or for maps and geologic folios, that amounts to \$10.00 at the retail price. In ordering, give the name and scale of each map and the State in which the area lies.

- 25223 Alabama, Guntersville quadrangle, lat. 34°15'-34°22'30", long. 86°15'-86°22'30". Scale 1:24,000, contour interval 20 ft. n. p. 1950. 23×19 in. [Prepared in cooperation with Tennessee Valley Authority, Maps and Surveys Branch.] ↑ 20c. I 19.12 : 1 G 957/2/950
